PIANOS & MELODEONS.

G. W. KIBBEE. W HO has been for many years located in Tennessee as a Tuner and Regairer of Pianes, would respectfully call the attention of the musical public to the fact, that he visited New York last your for the purpose of making arrangements with the best Plano Forte makers to sell their Instrunents. After spending several weeks in that great mements. After spending several weeks in that great metropolis, visiting the different manufacturers of note, he came to the conclusion—and who might be judge in this case if a Tuner of t selve years is not?—that the Pianos of of Lighte. Newton & Bradbury's should be preferred to all others. He accordingly made an agreement with them, wherehy he is enabled to furnish Pianos at retail cost in New York, freight and charges added, so that every one who buys of him may know that he is not paying more for his article than he would be charged by the manufacturers Is making twenty Pianos per week, a much greater number | est market price. than is made by any other in the United States, and fo purity and volume of tone and fineness of finish, both in side and out, the proof is that they stand wholly unrivalled. These Pianos were awarded the first premium by the juries of the World's Fair and the Fair of the American Institute in 1853. Among the many Musicians and Amateurs who have from time to time examined these Instru-ments, testified to their superiority, and recompended them to their friends, are LOWELL, Mason and Thos Hastings, of world-wide celebrity, H. C. Timm, President of the Phihar-nonia Society, N.Y., Turobour Flerifly, conductor of the Philharmonic Pociety, N. Y., GEOLGE F. FORT, juror in the Fair of the American Institute, in 1833. J. LEATI, U. C. HILL. P. H. NASH, FDWARD HOWE, Jr., &c., &c. Gro. J. Wmn, of Boston, the well known and popular Teacher and Composer, after examining these Lastruments and testifying to their entire superiority, opened a House in Boston, the central point of the once renewned Chickerng, and within a short time sold upwards of Forty Pianos

the instruction of the highest style and fine he highest style and fine h = \$600 or \$700.

This is the first New York Piano Agency ever established Geo. F. Russrow, of New York, the distinguished compo er, Organist and Planist, was authorized by the New York Harmonic Society to select the best Plano that could be made for their use. He gave the preference to Lights, Newton & Bradbury's "large scale" over all others. Grand's not excepted, and purchased one for the use of the Society. But Mr. Kinnen doems it unnecessary to multiply words to the people of Middle Tennessee. The fact, that he has been for many years a successful Tuner among them, and has met with, and Tuned and Repaired Pianos of every make, should inspire confidence in his judgment; and the fact that he regularly visits them twice a year would show that it is more to his interest to sell them a good Piaro than it could be to that of any other dealer. As to the price and quality of these Pianos, Mr. Kinner exhibits the rice list and description of the Makers, which contains \$500, at their Ware Rooms, No. 421, Broome Street, New York. So there can be no deception practiced with refer-ence to price or style of finish, although the Pianos are not seen until de ivered, and he is authorized by Mesers, Lighte, Newton & Bradbury to give warrantees of all their Pianos

Mr. Kinnen also visited the well known Melodeon Estab. shment of Carbart, Needham & Co , No. 97, East 28d St. New York, and made an arrangement with them to furnish Melodeon, so that he can sell them at their New York retail prices, freight added. These Instruments have become very popular in the Eastern and North-Western States, and truly deserve the notice of all those who are "Charmed by concord of sweet sounds."

He has also an arrangement with the firm of Firth, Pond & Co., New York, which enables him to furnish Sheet Music and small Musical Instruments at New York p lees.
All communications from the country on the subject of
Pianos or Meludeons or of Tuning and Repairing will be
promptly attended to. Families residing in the city cun
leave orders at my residence, opposite Odd Follow's Hall, or address through the Post-Office, G. W. KIBBEE, March 11, '57, -1y.
